

Enterprise Horizon Consulting Group (EHCG) is a Minority Woman Owned Small Business which has successfully executed multiple contracts with the Navy and NASA for the past 15 years. Known for cutting edge technology solutions and implementations, EHCG specializes in:

- Business Intelligence, Data Analytics and Dashboarding
- Enterprise Resource Planning(SAP) Implementation, Sustainment and Integration
- Legacy System Optimization, Integration and Modernization
- Acquisition Program Support
- Rapid Technology Proto-Typing and Solution Delivery
- Web Application Development
- Cloud Migration
- RMF Processes

OVER - THE - HORIZON IDEAS TODAY

EHCG has primed contracts with Naval Supply Systems Command (NAVSUP) Business Systems Center (BSC) and NAVWAR and is a key SAP Implementation/Sustainment sub-contractor supporting the Navy ERP program and NASA. While supporting NAVSUP Business Systems Center, our team designed and implemented Navy's Business Intelligence Service (NBIS), an end-to-end, full-service business intelligence solution that leverages IBM Pure Data for Analytics appliance(Netezza) hardware, IBM software (server IIS), Navy ERP data, and a full spectrum of business intelligence tools, such as SAP's Business Objects, IBM's Cognos and SAS. NBIS extracts, protects, integrates, transforms and visualizes financial and performance data for decision-support and enterprise reporting in support of logistics process and financial / audit readiness requirements. Additionally, our team provides the full spectrum of acquisition support services for various Navy program offices.
